

Overview

- Single phasing, reverse phasing
- Unbalance supply
- 1 min ON – time delay
- Auto / manual Switch
- Suitable for any HP/KW rating pumps

Technical Specification

Supply voltage	415 VAC , 50Hz \pm 5%
Output Relay Contact	1 No
Output Contact Rating	5 Amp , 240 VAC (Resistive)
Unbalanced trip Setting	50 v \pm 10 VAC
Trip time delay for unbalance	2 sec
On time delay	1min (fixed)
Resetting	Auto Reset
Enclosure	PVC box
Dimension (H x W x D)	(127 x 130 x 77 mm)
Weight	0.496 gms
Operating condition temperature	-5°C to +55°C

Application

- Pump sets of farms, Rivers and wells
- Agricultral Pump Dol Starters
- Agricultral Pump Star-delta Starter
